FROM THE

*Pastor's Desk***Why We Surrender to God**

Surrendering to God and His Will is a common theme in spiritual life. It is crucial for spiritual growth, though it can be uncomfortable and requires immense trust. When we understand that God is good and has our best interest at heart, we can trust His Providence to carry us through whatever life throws at us. It is necessary to remember that there is no growth in the comfort zone. When we remain in our personal "comfort zone," we hinder the growth that God desires for us.

The season of Lent, with its focus on prayer, penance, and almsgiving, shows us a practical path to surrendering to God's Will. Through prayer, we sacrifice our time (our most valuable resource) to God and allow Him a space to work. Through penance, we deny ourselves some worldly pleasure or comfort in order to make a space for God's consolation to dwell. Through almsgiving, the Lord asks us to trust Him even with our pocketbook. "For where your treasure is, there your heart will be also." (Matthew 6:21) Through our actions of prayer, penance, and almsgiving, we move our hearts from the realm of the world to the Kingdom of Heaven which is Jesus Christ, Himself.

A reminder that we have some extra Confession times in Lent, and we want to encourage you to make it before Holy Week if possible as that can be a busy time for all, and spreading Confessions out over Lent enables the laity and priests alike a space for more fruitful individual Confessions.

This year, we will not have Confessions during our Divine Mercy Holy Hours in St. Joseph, Pillar of Families so that we will focus more intently on expressing our gratitude and praise of God's amazing Divine Mercy. We should emphasize developing a spirit of mercy in our lives to build on the mercy we receive in the confessional.

Please continue to pray for Fr. Aaron and myself as we continue to serve St. Joseph, Pillar of Families, and discern God's Will for the next stage of our priesthoods. My life as a priest thus far has been an adventure and I am extraordinarily grateful for all the experiences I have had as pastor of St. Joseph, Pillar of Families. There will be much for me to reflect on and to learn from as I move forward in my priesthood.

Please pray for the priest(s) who will be appointed as your next pastor and the next vicar at St. Joseph, Pillar of Families. May they be given the grace to embrace their new assignment with courage, charity, and zeal. I pray that you will receive a saintly pastor who will guide you with wisdom and love.

Thank you to so many of you for your kind and encouraging words over the past few weeks. Your love and kindness have meant so much to me. I also thank you for your desire to serve the Lord and His Church. It is a beautiful thing to see your desire to serve.

Peace in Christ,

Fr. Jarred Kohn

THE VICAR'S CORNER: FR. STEVE MONDIEK

Pornography

I have been putting this subject off, but I think it needs to be addressed. Porn is real and it affects millions. Before you turn the page and say, "I don't have a problem with porn.", chances are, your spouse or child could be using it. It is readily available and private...who would know?

The Church speaks clearly about pornography because she realizes how it affects one's relationship with God and others. We have seen how pornography can adversely affect the relationship between husband and wife, and how it corrupts young people's views of healthy relationships and sexuality. We also need to see how it affects our relationship with God.

Here is what The Catechism of the Catholic Church has to say:

Pornography consists of removing real or simulated sexual acts from the intimacy of the partners, in order to display them deliberately to third parties. It offends against chastity because it perverts the conjugal act, the intimate giving of spouses to each other. It does grave injury to the dignity of its participants, since each becomes an object of base pleasure and illicit profit for others. Civil authorities should prevent the production and distribution of pornographic materials. CCC, 2354 (U.S. Catholic Conference, 1997).

God's main goal is to be in communion with His creation. This means having a deep, intimate relationship with each one of us. He loves us so much that He even created us in His image. However, when a person views pornography, he defiles that image. In *Theology of the Body and Love and Responsibility*, Pope Saint John Paul II wrote that the opposite of love is "use." Thus, when a man or woman views pornography, they are really using another person for their own base pleasure. This reduces sex to a recreational activity and the people in porn to mere commodities.

God made sex to be holy and to be shared between husband and wife. It is meant to be unitive and procreative. Because pornography is devoid of intimacy or relationship it perverts the conjugal act. This is why using pornography is a **mortal sin**. The people who use pornography and those who produce it are equally at fault here.

While the pleasure of pornography might be temporarily pleasing, one must ask him/herself, "What is going to bring lasting happiness?" An honest person will admit that pornography can never fulfill. Only a chaste life, lived for God, that honors His image and all His creation can provide lasting happiness in this life and the next. Choosing pornography over God, however, will only lead to loneliness and misery in this life and the next. A wise person will choose God over porn.

The Catholic Church understands that many people are addicted to pornography. She knows how damaging it is to individuals, marriages, and families. Moreover, she has much compassion for such people and wants to help them experience God's love and healing. Because this is such an important issue, in 2015 the United States Conference of Catholic Bishops (USCCB) issued an official document on pornography entitled *Create in Me a Clean Heart: A Pastoral Response to Pornography*. The purpose of the document is to educate Catholics on the dangers of pornography and to give hope to those who are addicted, or affected by the addiction. It describes God's great love and mercy for those wounded by pornography, and His desire to bring healing to all who are afflicted. The document states:

As pastors of the Catholic Church, we offer this statement to give a word of hope and healing to those who have been harmed by pornography and to raise awareness of its pervasiveness and harms. In the confessional and in our daily ministry and work with families, we have seen the corrosive damage caused by pornography—children whose innocence is stolen; men and women who feel great guilt and shame for viewing pornography occasionally or habitually; spouses who feel betrayed and traumatized; and men, women, and children exploited by the pornography industry. While the production and use of pornography has always been a problem, in recent years its impact has grown exponentially, in large part due to the internet and mobile technology. Some have even described it as a public health crisis. Everyone, in some way, is affected by increased pornography use in society. We all suffer negative consequences from its distorted view of the human person and sexuality. As bishops, we are called to proclaim anew the abundant mercy and healing of God found in Jesus Christ, our Lord and Savior, and through his Church (USCCB, 2015).

God and His Church are always ready to help those struggling with porn. The Church, the clergy, and trained personnel can help through support, prayer, sacraments, and spiritual direction. They may also be able to direct you to needed resources, such as counselors and recovery groups. The first step is to admit there is a problem and ask for help. Sometimes a qualified therapist is needed. God wants His children healed of this addiction; take the step! God bless.
